Accepted 11 November, 2009

The authors A. Ayandiji, A. L. Kehinde, O.R. Adeniyi and O. Omotosho, have requested the retraction of their article titled "Gross Margin Analysis of Post Harvest Losses in Citrus Spp in Ife Adp Zone of Osun State, Nigeria" which was published in Vol. 1(3) pp.77-84, December 2009 from the journal's website and publisher's database.

The retraction is based It was brought to our notice that some portions of the work were improperly referenced and may be a source of avoidable future controversy. Though this decision is difficult, we have agreed that it is the proper thing to do at this time. We however regret any inconveniences our decision will cause the Journal and editorial office.

The retraction is based on the discovery of improper and erroneous references in the manuscript which will not be beneficial for future scientific purpose or research.

In an effort to stop the distribution of this publication and the data contained therein, the Journal of Agricultural Extension and Rural Development is retracting the article in its entirety with the consent of Dr. A. Ayandiji.
